WAREHOUSING & ORDER MANAGEMENT

Pick and pack and many other value added services for your promotions and special packing requirements.

CHARTERING SERVICES

We specialize in bulk, break-bulk and livestock chartering. From few tons all the way to thousands of them.

MOVING SERVICES

We offer special services for your personal needs – good deals are waiting for realtors.

FREIGHT FORWARDING

Airfreight

Is your cargo Time sensitive, high value or perishable ? Do you need special handling, or climate control ? No problem ! Be sure that it will be processed like hot-bread and monitored closely 24/7 to have needs fulfilled and your cargo efficiently delivered. Having access to main airlines would provide you with variety of time frames and prices that will make sure your expectations are exceeded.

Ocean Freight

No matter if you have orders for import, export or cross-trade, we can assure you to have the right equipment and best transit time that fits your budget through our network that covers more than 150 countries. Documents follow up with liners will be very efficient and shipping documents filled accurately to ensure a smooth processing.

Land Freight

Our trucks and service partners will be charged and ready for you to make sure your orders will be delivered in a perfect and hassle-free trip from door to door. Whatever was the size of your cargo and wherever you want it delivered across Canada and USA, we can always get it done.

Multimodal

Thinking outside the box is what we excel in. Using a multimodal transport strategy often is a solution that brings time and cost closer together but to have it done efficiently, your service provider should know what they are doing. Sea/air , sea/land, air/land or any other way, a professional service provider would be always considering all options to give you.
